

## STUDY PROGRAMME INDUSTRIAL ENGINEERING/ MECHANICAL ENGINEERING (WMB)

### Shaping our future as an industrial engineer in mechanical engineering

Is a industrial engineering / mechanical engineering degree something for me?

- **You are** creative, curious and well organised.
- **You can** think analytically and interdisciplinary and like to communicate.
- **You want** to design and organise effective, efficient and sustainable systems and processes.

What are the benefits of studying industrial engineering / mechanical engineering?

Student advising

Apply online!

Bachelor Industrial Engineering / Mechanical Engineering (B.Sc.)

The Bachelor's degree Industrial Engineering / Mechanical Engineering is an undergraduate degree programme leading to a professional qualification.

- NC-free!

- Choice of specialization
- + Production technology and organization
- + Resource efficiency and sustainability
- Duration: 7 semesters
- All information about the study programme

#### Master Industrial Engineering / Mechanical Engineering (M.Sc.)

**The Master's degree in Industrial Engineering / Mechanical Engineering is an advanced degree programme according to the chosen specialization. The Master's degree qualifies students for many professions, management positions and careers in research. It is a prerequisite for a doctorate.**

- NC-frei!
  - Choice of specialization:
    - + Product Development - design and calculation
    - + Production Engineering
    - + Production Systems - operation and organization
    - + Automotive Systems
  - Duration: 3 semesters
  - Prerequisites: Relevant Bachelor's degree of 210 CP.
- Admission subject to conditions  
Offer of an individual bridging semester

Bachelor 210 CP

Master WMB 90 CP

Bachelor 180 CP

30 CP

Master WMB 90 CP

Why study in Magdeburg

- ▶ You study at a campus with a long engineering tradition
- ▶ This is what studying in Magdeburg looks like!

- ▶ You live in a green and lively city.
- ▶ Good reasons for Magdeburg

Apply online!

**Application with national qualification**

- ▶ for the summer semester: 15.03. / for the winter semester: 15.09.

- Apply online
- Application documents
- FAQ zur Bewerbung

#### Application with international educational qualification

- for the summer semester: 15.01. / for the winter semester: 15.07.
- Apply via uni-assist
- Application informationen
